The demurrer sets forth: "First, the said informations, nor does either one of them, charge this defendant with the violation of charge this defendant with the violation of any law, ordvance, or act of Congress in force in the District of Columbia. They are careless and very negligent about having the garbage removed at proper times. Several complaints have been sent this week to the police station of the unusual accumulation of garbage. The drivers of wagons say they have more than they can attend to. Now, Mr. Editor, do you not think it would be much better for public health and comfort to increase the force of, or in, the health department than to purchase driving gloves at public expense? We refer with especial pride to our advertisement of last week. Our sales aggre gated considerably more than we expected The four floors of our building crowded continually with buyers, and ou force of employes was entirely too small to attend to their wants. We had no idea when we inaugurated the sale that it would result in anything but a partial suc cess, but we were agreeably disappointed

We will not enumerate anything particular

this week, except a clearance of odds and

This figure will be a memorable one in the minds of those who were in this vicinity on July 16, 17, and of those who were in this vicinity on July 16, 17, and 18. To say it was hot is putting it mildly, as everyone knows. We have been and are still prepared to make life endurable through these sweltering periods with our tropical clothing, Serges, Mohairs, Lusters in all shades, Pongees, and Seersuckers. In the latter we have reduced several lots from \$1.50\to\$1, and \$3 to \$1.75. The cause of this is: The Fat Men's Club has made a run on us and purchased all the large sizes, and gentlemen wearing a coat and vest from 33 to 38 breast measure, can have any of these sizes at \$1 and \$1.75, just one-half the original price.

The rush for our \$10 00 suits still continues. Gentlemen wishing an elegant garment at h alf value should not hesitate but pay us a visit at once.

BOYS' CLOTHING, ages 14 to 18, long pants in these. We have a few lines sum mer-weight and medium light shades. The price of these has been put down to a remarkably low figure.
